

Seaside

Memorable moments:

We will be taking a trip to Weston-Super-Mare seaside including past and present.

Learning together:

We are inviting you to school see our work on display with a short presentation.

This term we are learning about:

As Geographers we will be naming and locating the England, London and Coventry on the UK map. We will be identifying the seas around the UK on the map using our map reading skills. Using basic geographical vocabulary, we will describe the physical and human features of a Seaside town and compare to Coventry.

We will be looking at seaside holidays in the past and present and identify how they have changed over the years.

As Artists we will be looking at natural materials sculptures using Andy Goldsworthy's techniques and apply them to our work.

As Musicians our focus is around one song Your Imagination and using a variety of resources to deepen our knowledge and understanding. We will revisit songs and musical activities, History of Music and the beginnings of the Language of Music to help consolidate our learning.

Throughout the theme they will be developing their core skills in Math and English and presenting their ideas in a variety of ways.

For more 'fill gaps, fiction, new images, writing Panda and Judy, stories and taking 'dancing' rides. You can find them at the seaside today.

Year 1

As a Sports Person we are learning skills linked to sending and returning. This includes the ability to send an object with increased confidence using hand or bat, move towards a moving ball to return, and sending and returning a variety of balls.

Computing—we are learning to make an animation story and adding sound effects to our story.

PSHE

We are learning about being my best which includes healthy eating. We will also be learning about growing and changing.

RE

We are exploring sacred places of worship for Christians, Muslims and Jewish people.

We will also explore the creation story from Christian's perspective.

SCIENCE

As scientists we will investigate the Everyday Materials we use and the different sort of materials are there. We will identify and compare different objects around us and the materials they are made from.
